## Are all the CME courses listed free?

Posted by Normative - 2007/12/28 17:28

---

Quick question - are all the CME courses listed in the free?

Also, are they all online?

You can find some great FREE CME/CE programs here:

<http://www.cmecorner.com/>

You can participate in online programs or order CD-ROMs or audio CDs and listen in your car. There are also podcasts if you have an MP3 player (like an iPod). If you prefer to read, you can order printed monographs. All programs are FREE.

Most are free and online - but not all are.
